#### A Day at School

At River School, students **must** follow some rules. They **must** arrive on time and **must** wear their uniform. They **must not** run in the hallways.

In class, students **should** listen to the teacher and **should** be kind. They **should not** shout.

During break time, students **can** play outside. They **can** eat snacks and talk with friends. They **cannot** leave the school alone.

If a student feels sick, they **may** go to the nurse. They **could** ask the teacher for help if they don't understand the lesson. When students want something, they say, "**Could** you help me?" or "**May** I go to the bathroom?"

Students are polite. They say, "I **would** like some water, please," or "I **would** like to borrow a pencil."

These rules and expressions help everyone feel safe and respected.

- **Must** → obligación
- **Should** → recomendación
- **Can** → habilidad/permiso
- **May** → permiso formal
- **Could** → petición amable / posibilidad
- **Would** → petición o deseo cortés
